「Now I realize the charm
☆ of BRIEFS.」

Whoa!!! 「Briefs」 is here~!

I debated for so long on this book's title and even though now all is set, I still do have some unclear impression of it. From its title you can tell this is a unusual story regarding trade. Recently I've wondered that 'full-nudity' is sicker than 'half-nudity'? "Sickness", which is a reason to draw differently some parts of Akiba, "sickness", so please do forgive me on this one. Narragasshi's parts won't be fully exposed, but that's why full-nudity is sicker! If you guys feel that way too, then I would have succeeded.

I think there are readers on Twitter who have been waiting for [Briefs,Briefs] since Autumn last year. But as they say, the higher the expectations, the deeper the disappointment. So if I cause anyone to have such thinking... (:3∠ /) / Oh, speaking of which, the places where editing was revealed I added black. I've heard it makes it look more perverted. Is that true? I am not sure, I decided to try it!
So then, please read on!

**NOW I REALIZE THE CHARM
OF BRIEFS**

END NOTE:

Thanks for the hard work! Thank you for completing this range, which is bursting full with my personal files. Did you have fun reading it...?? Since this is the end note, I shall say something about the range. When I was drawing, I wondered how many readers would notice that one scene was imitating a scene from my first volume.

The scene was "Take off your pants," not. The only difference is Maya's hairstyle and Noragami's attitude, not. Noragami didn't seem to hesitate doing it. When I was drawing I thought, it's just different after feeling instead here. Actually I didn't have fun drawing this, I wish I could draw another 8 pages. To draw it stiffer... Where the fingers reach into the front opening (what's that opening called??), and make everything sticky, sticky, sticky. And only to draw a half hour drawing, to give the teasing effect...?

Can't listen to more? Let's change the subject, there

I wanted to draw a colour range, that will draw a better image, -- too bad. Eh? Stop talking? It's alright. This is only the first installment. I can draw more in future. That's what everyone says, but even if you didn't say it, I'd definitely continue drawing too. DEPENDABLE!

But there is an additional installment I'll have to write. A reader said that they'd like to see 'Maya wearing Noragami's underwear by mistake'. And I couldn't help, but envision Maya wearing briefs. Hehehe... Also, I draw countless folds of briefs, as I'd like to count exactly how many pairs of briefs -- infinitely in the around 100 pairs of briefs. Let's count--!

Well,

See you next time!
